Systems Specialist - HVAC

Facilities Management and Utilities / Electrical and AC Maintenance

Maldives Airports Company Limited is seeking to recruit a talented and qualified individual to the position of System Specialist - HVAC in our Facilities Management and Utilities Department. The successful candidate will be responsible to provide specialist technical leadership on all Heating, Ventilation, Air Conditioning and Refrigeration (HVAC&R) systems and assets across the Velana International Airport (VIA).

Key Responsibilities

- Develop the technical capability of the HVAC maintenance delivery team, by providing technical coaching and delivering on the job training.
- Lead the diagnosis and repair of complex HVAC&R asset/system failures.
- Support the development of optimized planned maintenance strategies for all HVAC&R assets/systems.
- Support the development of an optimized spare parts and consumables forecast for all HVAC&R assets.
- Monitor the condition of all HVAC&R assets across Velana International Airport.
- Support the quality assurance of maintenance integration documentation submitted by construction contractors.
- Ensures all HVAC&R assets and systems are operating as energy efficient as possible.
- Ensures all chilling plant complies with the appropriate local & international environmental standards.

Qualification & Experience

- Bachelor's Degree or equivalent qualification in an engineering discipline.
- Worked in operationally challenging environments with a complex stakeholder base.
- Operating Computerized Maintenance Management Systems (CMMS).
- Operational knowledge of Building Management Systems (BMS).
- Experience with asset management systems accredited to ISO55001:2014 (preferred)

Benefits

- Competitive Salary
- Free motorcycle parking
- Study loan scheme for children
- Health Insurance
- Staff Gym Facilities
- Staff Development Scheme
- Free Transportation
- Staff Loan Scheme
