

Maldives Airports Company Limited Press Release

Pay Raise for MACL Employees

Velana International Airport: September 28, 2021- Maldives Airports Company Limited (MACL) has decided a pay raise for its employees, starting from October 1, 2021.

The management of MACL has decided to raise the salaries of its employees by 5 to 20 percent. The increment will be applied as a percentage of the salary where the highest increment of 20% will be applied to the lowest range of salaries, and the percentage of increment decrease until 5% at the highest range of salaries. The senior foreign executives do not fall into this salary revision.

The employees of MACL worked hard to serve the country and to continue our business during the peak days of the COVID-19 pandemic. Hence, this revision of salary is in recognition of their services and for their unwavering commitment.

As the largest employer in the country, MACL makes an effort to keep the employee salaries and benefits on par with the market salaries and the current revising of salary structure is in line with this commitment. Additionally, the company offers health insurance, free transportation, free parking, staff loan scheme, staff children loan scheme, and staff development scheme as benefits for our employees.

- The End -

Note to editor:

Maldives Airports Company Limited (MACL) is a 100% government owned limited liability company incorporated under the Companies Act of the Rep of Maldives. MACL is governed by a Board of Directors appointed by the Privatisation & Corporatisation Board of the Maldives. The Corporate Office of MACL is on the island of Hulhule', Republic of Maldives.

Maldives Airports Company is the operator of Velana International Airport and has been massively involved in destination marketing and bringing in new airlines to the Maldives to boost up the tourism industry. MACL has embarked on one of the biggest projects in the history of Maldives in developing the future Velana International Airport such as the development of a brand new international passenger terminal, a new code F runway, a new cargo terminal complex and a new fuel farm along with hydrant system and major infrastructure developments at Velana international Airport.
